PROFILE SUMMARY

Highly motivated MCA graduate and aspiring Java Full Stack Developer seeking a Software Engineering role where I can contribute to a collaborative engineering team. Skilled in Java, Spring Boot, React, MySQL, Git, and GitHub with hands-on experience in developing web applications and database-driven systems. Driven by a genuine passion for technology and a commitment to continuous learning, I am eager to apply my practical project experience and academic foundation to deliver high-quality software solutions.

SKILLS

Languages	: Core Java, C, JavaScript, SQL, Python basics
Frontend Technologies	: HTML5, CSS3, Tailwind CSS, React.js, Bootstrap
Backend Technologies	: Spring Boot, Spring MVC, JDBC
Databases	: Oracle, MySQL
Frameworks	: Spring Framework, Microservices, Hibernate
Cloud	: AWS (EC2, S3 – Basic Knowledge)
Developer Tools	: Maven, Git, GitHub, VS Code, Eclipse IDE
Other Tools	: MS Office
Core Concepts	: OOPs, Collections Framework, Exception Handling, REST APIs, MVC Architecture
Soft Skills	: Communication, Time Management and Strong Learning Mindset.

PROJECTS

- **A Deniable CP-ABE Cloud Storage Service. [Java, MySQL , Cloud] | [GitHib](#)**
BSS Software Solutions
 - Developed a secure cloud storage service using Ciphertext-Policy Attribute-Based Encryption (CP-ABE) using Java and MySQL technologies.
 - Implemented a fine-grained access control mechanism and deniable encryption to prevent outside auditing.
 - This system enables cloud storage providers to create convincing fake user secrets to protect user privacy to prevent coercion attacks.
- **Student Management System. [Spring Boot, MySQL, Thymeleaf, Bootstrap] | [GitHub](#)**
Course Project
 - Developed a web-based Student Management System with complete CRUD functionality to manage student records efficiently using Spring Boot, Spring MVC, Spring Data JPA (Hibernate), MySQL, and Thymeleaf.
 - Designed a responsive user interface using Bootstrap and followed MVC architecture for better maintainability and structured development.
 - Implemented form validation on student data to ensure accurate entry and maintain database integrity.
- **Personal Portfolio Website. [React.js, Vite, Tailwind CSS] | [GitHub](#)**
Personal Project
 - Developed a responsive website to showcase my skills and projects using **React** and **Vite**.
 - Styled the user interface with **Tailwind CSS** for a clean, mobile-friendly design.
 - Deployed the website online and managed the source code using **Git** and **GitHub**.

INTERNSHIP

- **Hansa Solutions Pvt.Ltd** **2022-2023**
Project Trainee
 - Worked on building a fleet management system project using HTML, CSS and JavaScript for frontend and C# for backend.
 - Collaborated with the Frontend Development Team to design and implement user interfaces.
- **TCS Empowers** **2021-2022**
Youth Employment Program.
 - Successfully completed the Tata Consultancy Services Youth Employment Program.
 - Received training in communication, aptitude, digital skills, and professional readiness.

EDUCATION

Master of Computer Applications (MCA) 85.4% SKBR PG College, AKNU University.	2023 -2025
Bachelor of Science (B.Sc.) in Computer Science 90.7% ASN Degree College for Women, AKNU University.	2020-2023
Intermediate (MPC) 90% Sri Chaitanya Junior College.	2018-2020

CERTIFICATION

- Full Stack Java Developer Course – **Naresh I Technologies**
- Software Engineering Job Simulation – **JPMorgan Chase & Co. (Forage)**
- Communications Skills – **TCS ION**
- Diploma in Computer Applications (DCA) – **Swarnadhra Educational Society**

ACHIEVEMENTS

- Awarded Academic Excellence Certificate for securing 3rd Rank in B.Sc. Computer Science among the graduating batch.
- Successfully completed a Community Service Project as part of academic curriculum activities.
- Voluntarily participated in seminars and other extra-curricular activities.

INTERESTS

- Reading Self-Improvement Books.
- Drawing (enhances creativity and attention to detail)
- Practicing Yoga for physical and mental well-being
- Learning New Technologies.
